

GRADUATE STUDY OBJECTIVES

Name: _____

Part 1. On a separate page, write a summary of your career goals, research interests (if applicable), and objectives in doing graduate work. This summary, and a current résumé, should be attached to this form.

Part 2. The headings below indicate specific areas of graduate study offered in the Warnell School of Forestry and Natural Resources. Indicate the area(s) in which you are most interested by using numbers (1 = area of highest interest). You may select a single subject, or as many as you think are appropriate.

Part 3. List the faculty member(s) you would prefer as a major professor: _____

To match your interests with those of a potential major professor, check the Warnell School of Forestry and Natural Resources' web site: www.warnell.uga.edu. The web site provides a list of faculty, along with their research interests, in the "Directories" section, under "Areas of Specialty."
