

Course ID: FORS 3500 (Wood Properties and Utilization)
Semester and Year: Spring 2003
Instructor: Laurence Schimleck
Office: 4-330
Phone: 583-0464
Office Hours: By Appointment

Principal course assignments: none

Specific course requirements for grading purposes: 3 tests plus written exercises (practice questions)

Grading policy:

Test #1	30%
Test #2	30%
Test #3	30%
Practice questions (3 sets)	10%

Each test will be approximately 45 minutes long.

Attendance policy: Lectures are provided to aid in your learning; attendance is at your discretion.

Required course material: Haygreen, J. G. and Bowyer, J. L. Forest products and wood science: an introduction, 4th edition, Iowa State Press, Ames, IA.

Policy for make-up of examinations: Missed lecture tests and practice questions may not be made-up. If a lecture test is missed because of an excused absence, the test will not be considered in calculating the lecture test average. If the lecture test is missed for an unexcused reason, a grade of 0 will be recorded, and this will be used in calculating the lecture test average. If a set of practice questions is missed for any reason, it will be recorded as a 0.
