

The Warnell Continuing Education Program

Daniel B. Warnell School of Forestry and Natural Resources

Forest Herbicide Workshop

May 19—20, 2009

Instructors: Dr. David Dickens & Dr. Dave Moorhead
Tifton Campus Conference Center, Tifton, GA

WARNELL
SCHOOL OF FORESTRY AND NATURAL RESOURCES
THE UNIVERSITY OF GEORGIA

Purpose

Competing vegetation and invasive plants can greatly reduce productivity and quality of forest stands. Proper selection and use of forest herbicides can aid foresters and natural resource managers in reducing the impacts of unwanted vegetation. This course will cover herbicide prescriptions for forestry applications.

Objectives

Participants will Learn:

- About forest herbicide safety and application
- Selection of forest herbicide adjuvants
- Use of herbicides for aquatic vegetation control
- Integration of herbicide use for site preparation, herbaceous weed control and woody release.
- Control of invasive exotic plants in forest stands
- New industry products and applications
- Calibration techniques for for herbicide applications

Who Should Attend?

Foresters, forest herbicide applicators, land managers, and landowners interested in developing and implementing safe, effective forest herbicide programs.

Instructors

Dr. David Dickens, Associate Professor - Forest Productivity

Dr. Dave Moorhead, Professor - Silviculture
Warnell School of Forest & Natural Resources – University of Georgia

Dr. Gary Burtle, Associate Professor - Aquaculture
Animal & Dairy Science - University of Georgia

Paul Sumner, Extension Engineer
Biological and Agricultural Engineering - University of Georgia

Mr. Mark McClure, Forest Health Specialist
Georgia Forestry Commission

Dr. Pat Minogue, Assistant Professor - Silviculture
School of Forest Resources & Conservation – University of Florida

Dr. Harry Quicke, Technical Director –Forestry
BASF Corporation

Course Itinerary

Tuesday, May 19, 2009

Time	Event
8:00 a.m.	Registration
8:45	Welcome
9:00	Safety & Toxicology
10:00	Refreshment Break
10:20	Selection & use of forest herbicide adjuvants
11:00	Herbicide Use in Aquatic Habitats
12:00 p.m.	Lunch
1:00	Dow AgroSciences
1:45	DuPont
2:30	Refreshment Break
2:50	BASF
3:35	NuFarm
4:30	Q & A
5:00	Adjourn
5:15	Professional Ethics in Forestry (Optional)

Wednesday May 20, 2009

Time	Event
8:00 a.m.	Combinations of pre-plant and post-plant treatments for pine establishment
9:00	Herbaceous weed control
10:00	Refreshment Break
10:20	Release treatments
11:00	Invasive species issues in forest management
12:00 p.m.	Lunch
1:00	Herbicide treatments for cogongrass control
1:30	Calibration of backpack & boomless sprayers
3:30	Q & A
4:00	Adjourn
