Notes:

- Use touch panel to turn on/off projector and lower screen (do not use remote).
- Window shade behind screen can be lowered with white remote control.
- Turn on computer (in lectern) and monitor with power buttons on components.
- Microphone & speakers in ceiling, webcam on rear wall by projector.
- Audio adjusts on computer and on touch panel under "audio."
- Telephone conference call: Use "Audio Conference" tab, dial number.
- Web video conference: Start Skype, GoToMeeting, Zoom, etc.
 - Camera is: RoboSHOT USB.
 - Speaker & microphone are: Echo Cancelling Speakerphone (TesiraFORTE).
 - Go to camera tab and use the presets or the tilt/pan/zoom to set view.
- The walls on either side of the screen can be used as dry-erase boards.
